1979 PETITE SIRAH

The small family owned and operated Cilurzo Vineyard & Winery is located in the exciting new Southern California wine-growing region of Temecula. Warm breezy days and cool dry nights make this unique micro-climate well-suited for the production of premium varietal wine grapes.

This 1979 Petite Sirah wine is made from 100% premium varietal Petite Sirah grapes grown in Temecula.

Fermentation takes place in small temperature controlled stainless steel tanks. We pump over four times daily to extract maximum color. New American oak 52-gallon barrels are used for aging.

The wine is well-balanced and has a distinctive nose with a rich spicy full-bodied flavor. It will continue to improve with additional bottle aging, but can be enjoyed now.

This vintage was limited to only 700 cases.

Much tender loving care goes into the vinifying of all our wines naturally in the style of the old country. Visit our winery or write and tell us how you like our Petite Sirah.
